## **Thousand Eyes**

## Of Monsters and Men

Undo this storm
Undo this storm
Undo this storm
And wait
I can't control
Withering wonders
Flowers that lose their shape

I lie awake And watch it all It feels like thousand eyes

I'll be the calm
I will be quiet
Stripped to the bone
I wait

No, I'll be a stone
I'll be the hunter
Tower that casts a shade

I lie awake And watch it all It feel like thousand eyes

I am the storm I am the storm I am the storm So wait
