When Sarah comes down when Sarah comes down
When Sarah comes down from Detroit I'll exhume myself and meet
her

Till the day she's here I'll stay underground
I don't have to feel evil any more and I'm happier when she's a
round

When Sarah comes down when Sarah comes down
When Sarah comes down from Detroit I'll exhume myself and meet
her

Till the day she comes I'll stay underground
I don't have to feel guilty any more and I'm something better w
