

## Oslo in the Summertime

of Montreal

Oslo in the summertime nobody can fall asleep  
I'm staring out the window from my bed  
At 4 a.m. the sun is up  
look the sky is peppered with sea birds and with crows all cackling  
HVA?

Up in tre ten Heimdalsgate  
me and Nina making fun of footballers in Rudolph Neilson Plass  
I practice my Norwegian on poor befuddled waitresses  
who shake their heads completely at a loss  
Oslo in the summertime the streets are strangely quite 'cause  
everyone's away on holiday  
HVA?

Oslo in the summertime Pakistani children play locked inside of  
the courtyard all day  
Pretty people everywhere sun lamp tans and flaxen hair  
Just tell the American not to stare  
HVA?
