

My Episodes

Off With Their Heads

I don't wanna be alone, and i don't wanna be high
But thats the way i've been living life
I don't know what i want, or what i'm running from
Should have filled up last stop, now my light is on

I don't wanna be home, and i don't want the road
Don't want to tell any one about my episodes
What would i wouldn't do for just one glimpse of you
Sitting across from me sharing this scenery

And now, but more time wasting
My life looking for what's not there
I've come too far to be this unhappy

I'm just happy right now that your arms are around me

I don't wanna be alone, and i don't wanna be high
But thats the way i've been life

What i wouldn't do, for just one glimpse of you
Sitting across from me sharing this scenery

And now, but more time wasting
My life looking for whats not there
I've come too far to be this unhappy

I'm just happy right now that your arms are around me
I'm just happy right now that your arms are around me

Nothing can prepare for us for what life chucks at our feet
I'm just happy right now that your arms are around me
I'm just happy right now that your arms are around me
