

## Be My Boyfriend

Nissim, Offer

Your eyes are breaking walls  
Towards my direction  
I feel the wind blows  
I'm standing here it's cold  
I want you to hold  
You have no clue  
How much I want you  
No idea how much I need you here  
I want you to hold

So what you wanna do do  
Boy I want you to to  
Be my boyfriend  
You're messing with my head head  
Boy I want you bad bad  
Be my boyfriend

I'm so lost without you  
Baby what would I do  
Everywhere I want to go over I see you  
I'm so lost without you  
Baby what would I do  
Everywhere I want to go over I see you
