

## Hook Up

Nissim, Offer

I met the man that I wanna  
He's gonna do what I wanna Tell him to do  
But I'm gonna freak it with him t'll the mornin'  
Taking me all these places  
As if we're not gonna chase it  
We're gonna hook up and face it  
Hook up up until we break it  
We're gonna hook up and face it  
Hook up up until we break it  
We're gonna hook up and face it  
Hook up up until we break it

Give me give me what I wish  
Looking Super-Delish  
Got the sweetest good lips  
And my appetite drifts  
Give me give me what I wish  
Like it like it like this  
Boy you got me shook up  
Do you wanna hook up?
