

## Stuff Is Messed Up

Offspring

Now I don't know, and it's hard to explain  
But it seems like things are just kind of insane  
Because the world is crying  
But nobody's listening  
So please leave a message on my cell phone

I see bullets getting better  
Biblical weather  
And that guy on TV is like a total asshole

Who are you wearing tonight?  
Celebrity fundraiser, tight!  
Black ties making wrongs right  
How's your social Band-Aid?

I don't know much  
I don't know too much  
But I know this  
Shit is fucked up!

I guess it's all about the dream  
The ends justify the means  
I'm telling you, shit is fucked up!  
You know it's all about the dream  
The ends justify the means

Now thank god for the media, for saving the day  
Putting it all into perspective in a responsible way  
With more celebrity news  
Typical bullshit views  
I think we're losing this fight  
Sponsored by Bud Light

And now we're rockin' the casbah  
And taking the flak  
The genie's out of the bottle, and we can't put it back  
All this stuff  
It's overwhelming my brain  
Can you see the storm comin'?  
It's coming this way

I don't know much  
I don't know too much  
But I know this  
Shit is fucked up!

I guess it's all about the dream  
The ends justify the means  
I'm telling you, shit is fucked up!  
You know it's all about the dream  
The ends justify the means  
Justify the means

Pimp my ride  
Politize  
Euphemize  
Injustice everywhere  
Apathy  
I don't care

I don't know much  
I don't know too much  
I don't know much  
I don't know too much

I guess it's all about the dream  
The ends justify the means
