

# Rainbow

## Oh Land

Dive a little bit further  
Don't get out, the morning wants to keep us safe in here  
Resting on your shoulder  
We wont go, until there's no-  
More people out there

You can make it click  
Making me pop  
Going for the goal  
With the clean cut  
Searching no more  
All melodies  
Are coming ashore  
Flushing over me

Your are all over my rainbow  
Taking the scene  
In my crazy dream  
Only you are on my rainbow  
No one else here  
Nothing else gets near  
Youuu

Nothing's fast or slow  
It's in between  
Where red and green  
The land and oceans meet  
Peacefully I'm quiet  
Cause nothing here is  
Mad, bad or dangerous to know

You can make it click  
Making me pop  
Going for the goal  
With the clean cut  
Searching no more  
All melodies  
Are coming ashore  
Flushing over me

You are all over my rainbow  
Taking the scene  
In my crazy dream  
Only you are on my rainbow  
No one else here  
Nothing else gets near  
Youuu

You can make it click
