

Feel no pleasure  
Nor does it hurt  
Chase the now, pull me out  
Trailblazer  
Feel no pleasure  
Nor does it hurt  
Chase the now, pull me out  
Trailblazer

It's happening it's happening to us  
And I'm used to it  
The silent curtain's covering  
In my head I'm losing  
For sanity I'm begging  
Questions that I've answered  
Questions I've been asking  
Curtains covering  
What am I using?

I'm under it I'm under it again  
And you ran ahead  
The road in all its violence  
In my head I'm moving  
An opening, I'm coming  
Questions that I've answered  
Questions I've been asking  
All the violence  
What am I using?

Same anger  
Same water  
Same love  
Same air  
Run it over and over
