

The Bike, Sir

Oh No Oh My

I was in the carriage
You were on the bike, sir
I would like to try, sir
To ride on a bike

I was in a hurry
You were on the side, sir
Do you have time, sir?
Time to ride a bike!

I was in the carriage
I was on the bike, sir
I don't have the time, sir
To ride on a bike

But you don't have to worry
I fall all the time, sir
You just have to try, sir
To ride on a bike

I was in a hurry
You were on the side, sir
I will take the time, sir
To ride on a bike

I was in the carriage
You were on the bike, sir
I would like to try, sir
To ride on a bike

Sir!
