

# Technicolour Beat

Oh Wonder

Lay down your slow  
Come settle down, settle down  
Let loose your glow  
Come settle down, settle down

And I feel life for the very first time  
Love in my arms and the sun in my eyes  
I feel safe in the 5am light  
You carry my fears as the heavens set fire

Jump into the heat  
Spinning on our feet  
In a technicolour beat  
You and me  
Caught up in a dream  
In a technicolour beat

Warm unalone  
Come settle down, settle down  
Swing me your bones  
Come settle down, settle down

And I feel life for the very first time  
Love in my arms and the sun in my eyes  
I feel safe in the 5am light  
You carry my fears as the heavens set fire

Jump into the heat  
Spinning on our feet  
In a technicolour beat  
You and me  
Caught up in a dream  
In a technicolour beat

Give me one drop  
I can feel you  
Make me lose control  
We be walking  
On the water  
We're moving in a technicolour beat  
Moving in a technicolour beat

Jump into the heat  
(Falling off the ceiling)  
Spinning on our feet  
We're moving in a technicolour beat  
You and me  
(Found another feeling)  
Caught up in a dream  
We're moving in a technicolour beat
