

## Misty Eyes

Ohbijou

You shouldn't feel like  
the end sweeps in circles  
like wolves around bodies you are...

My lighthouse through this  
dim-lit apartment of things  
that rattle like cars.

So cheers to this morning  
that smells like last evening  
when we bloomed like tulips  
in the soil.

Misty eyes steer clear tonight  
cause it's been so long since I've  
seen the sun.
