

D.Angel

Ohgr

Open your eyes
Everything's dangerous
Something inside
Devils and angels

I'm feeling like
I'm feeling light
I'm hunted like
A rabbit doll with a toon up side

Deep in your hind
Speaking the day wish
Leave it behind
Devils and angels

I'm feeling like
I'm feeling light
I'm hunted like
A rabbit doll with a toon up side

This is the time
So ever more caress
You feel like strangest like
Devils and angels
Its black design
with parrot toil artifice
You're saving the mind
From devils and angels
