

## Shhh

Ohgr

Every time I open my mouth I feel a little bit lower  
a little bit slower  
drive by be a like I'm in space in a race  
feeling like something only in drive  
and I'm feeling like this is why

Every time I open my mouth I feel dry  
Every time I open my mouth I feel dry  
Every time I open my mouth I feel dry

Sounds like shit  
Sounds like shit

Every time I look at my hand  
theres another trap open  
every where I go  
beside I tweak it got a big wanser  
and know where it know where it where it is  
know where it is why  
but I feel like coming alive  
high high high

Every time I open my mouth I feel dry  
Every time I open my mouth I feel dry  
Every time I open my mouth I feel dry

Sounds like shit  
Sounds like shit

Same scene daydream night blind  
daze  
Same scene daydream night blind  
daze  
daze daze daze

Japanese noble thighs wrapped firmly around my neck  
do your travel bit  
come soaring off to wal mart,  
don't kiss the bomb ??  
embracing veil  
a worth in silk with Chinese tea

Step away
