

# Run Them Bands Up

OJ da Juiceman

Every day I wake up I gotta answer my phone  
6 cell phone probably get it on john  
Bust a 36, 12 hundred for a zone  
Go more dog louje looking for a bone  
Run them bands up  
Run them run them bands up  
Run them bands up

Get your grounds up  
Get your get your grounds up

Woke up this morning then I wash my damn face  
Dear help me God, help me see another day  
They steal with a nigga help me avoid a drug case  
Bailed on twey trying to spray me with some mace  
Dragging down across them let them on a bullet chase  
Creep to the valley and you may he got away  
Burried next day, same spot, selling yale  
Fuck what you heard dog I'm trying to get paid

Every day I wake up I gotta answer my phone  
6 cell phone probably get it on john  
Bust a 36, 12 hundred for a zone  
Go more dog louje looking for a bone

Got them grounds up  
Them I run them bands up  
Fresh out the shower, a hundred dollar hair cut  
Then I hit the crash then go run them plays up  
A hundred to one thousand nigga can't play us  
Made in the hood southern valley raised us  
Just to go to the bus stop played us  
All day trappers all the day love us  
12 can't stand us but they can't bust us

Every day I wake up I gotta answer my phone  
6 cell phone probably get it on john  
Bust a 36, 12 hundred for a zone
