I'm Not Through

OK Go

I know you gotta go
And there's some shit you gotta do
And oh all this talk is bringing me down
Oh yeah it's getting late
But, all these things weve been saying
It's the same old circle going round
But, baby don't get up yet
Don't get up yet

I'm not through
I'm not through

And it's always been true
Gravities not my strong suit
And maybe I've gone on a little long
But, if you just give up now
Get on up and walk on out
Might as well just call the whole thing done
So baby don't get up yet
Don't get up yet now

I'm not through
I'm not through

Oh baby don't you get up yet
Don't get up yet now
Oh baby don't you get up yet
Don't get up yet

I'm not through
I'm not through
I'm not through

(I know you gotta go
I know you gotta run
But, babe I'm not done)
I'm not through
(I know you gotta go
I know you gotta run
But, babe I'm not done)
