

Nigga Please

Ol' Dirty Bastard

[ODB]

I ain't no nigga

My words can't be held against me

I'm not caught up in your law

All music must obey me

All pain must obey me

I cripple my enemies

Got that careful vocabulary

I can talk my way up out of anything

Nobody's words can go against me

I'm stingy, I want all that energy

Osirus, the best nigga in the place to be

I two hundred hot degree

Burning ya til you faint y'all

Y'all niggas shooting blanks y'all

I'm fucking my vest, drive an armored tank y'all

I dead niggas like a dog buries a bone

You could never set me up I raise the pain volume

Nominate me, as presidential MC

My career so intelligent unique physique

A nigga please!

[ODB and RZA]

[Chorus]

You could never fuck with the dog,

A nigga please!

Nigga I will bury ya bone

A nigga please!

I'm the one who burned ya home

A nigga please!

Watch your shit fall like Rome

I'm immune to all viruses

I get the cocaine it cleans out my sinuses

Just for slinging *nuh* I get a quarter a mil

I'll have it raining ice drops the size of automobiles

Kill all the government microchips in my body

I'm the paranoid nigga at your party

I kill all my enemies at birth!

Shut the fuck up!

Bitch and let my slide my hands up your skirt

Nigga please!

[Chorus]

Nigga please! (You could never fuck with the dog) (5x)

[RZA]
