

Broadway

Old 97's

In a hotel room just off Times Square it's like a closet
I can watch the dancing class go round
But in a hotel room that costs as much as my apartment
I can watch the working class go down

And it's enough to make a crooked man go straight
Broadway, Broadway

In a hotel room just off Times Square they made a monster
He was unaware of what went down
Fattening him up just like calf before a slaughter
But he'd had his fill of hollow town

And it's enough to make a stupid man think straight
Broadway, Broadway

And it's enough to make a crooked man go straight
Broadway, Broadway, Broadway, Broadway
