I reckon Heaven is a place Where time is nonexistent, yeah And the things that are important, yeah Don't take any time at all

An awful lot like like outer space Where everything is weightless, yeah Even heavy things are weightless, yeah Don't take up any space at all

Right on, right on Oh yeah, it's so clear All the bad things are gone All the good things are here

Right on, right on Oh yeah, it's so clear All the bad things are gone All the good things are here

Almost exactly like this place Where people talk forever, yeah And it's always stormy weather, yeah Stormy weather's the best kind

Right on, right on Oh yeah, it's so clear All the bad things are gone All the good things are here

All the bad things are gone All the good things are here

I reckon Heaven is a place Where everything is weightless, yeah Even heavy things are weightless, yeah Up there, we'll never find it all
