

# Fall On My Knees

Old Crow Medicine Show

You told me one  
You told me two  
You told me ten thousand lies, little girl  
You told me ten thousand lies  
Well you told me more lies  
Than stars in the sky  
You'll never get to heaven when you die, little girl  
You'll never get to heaven when you die

I'm fallin' on my knees  
And I'm beggin' you please  
Won't you come along and stand by me, little girl  
Won't you come along and stand by me

I wished to the Lord  
That I never had been born  
That I'd died when I was young, little girl  
That I'd died when I was young  
I never would have kissed  
Your red rosy lips

Never heard your lying tongue, little girl  
No never heard your lying tongue

I'm going down that road

That long lonesome road  
So won't you hang down head and cry little girl  
Oh hang down your little head and cry  
I give you all my money  
I give you all my time  
But you give me the back of your head, little girl  
Oh you give me the back of your head

You'll never never

Never never  
Never never  
Never never

Never get to heaven when you die, little girl  
No you'll never get to heaven when you die
