Everything Must Change

Oleta Adams

Everything must change Nothing stays the same Everyone will change No one stays the same The young become the old And mysteries do unfold 'Cause that's the way of time Nothing and no one goes unchanged There are not many things in life You can be sure of Except rain comes from the clouds Sun lights up the sky And hummingbirds do fly Winter turns to spring A wounded heart will heal But never much too soon Yes, everything will change The young become the old And mysteries do unfold 'Cause that's the way of time Nothing and no one goes unchanged There are not many things in life You can be sure of Except Except rain comes from the clouds Sun lights up the sky And hummingbirds do fly Rain comes from the clouds Sun lights up the sky And hummingbirds do fly Rain comes from the clouds Sun lights up the sky Hummingbirds do fly Everything must change No one stays the same No one, no one Everyone must change Nothing And the sun Hummingbirds Except the rain Except the music makes me cry
