

# If This Love Should Ever End

Oleta Adams

Let's apologize, for the words that were spoken  
Hearts were broken, now I realize  
It doesn't matter who's to blame, I don't need a reason why  
I just know I can't imagine you telling me goodbye

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When everything inside of me  
Says I'll never be this in love again  
If this love should ever end

I'm completely yours for as long as I'm breathing  
I'm believing no one could love you more  
In the good times and the bad times, I feel you constantly  
With a passion like no other, won't you tell me please

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When everything inside of me  
Says I'll never be this in love again  
If this love should ever end

Can we take it back to what it was before?  
When it seemed that love would last forever more  
Let's start picking up the pieces follow where all the love will lead us  
Making sweet memories, 'cause if you ever leave

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When everything inside of me  
Says I'll never be this in love again  
If this love should ever end

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When happiness comes over me  
Will I ever be this in love again  
If this love should ever end oh

If this love ends hey yeah
