## Crying, Laughing, Loving, Lying

**Olivia Newton-John** 

```
Crying, crying never did nobody no good no how
That's why I don't cry
That's why I don't cry
Laughing, laughing sometimes does somebody some good somehow
That's why I - I'm laughing now
That's why I - I'm laughing now
Loving, loving never did me no good no how - no how
That's why I can't love you now
That's why I can't love you now
Lying, lying never did nobody no good no how - no how
So why am I lying now?
So why am I lying now?
```
