

# Don't Say That

Olivia Newton-John

I love you, I want you, I need you  
All the lines I've heard  
I'm wanting so much to believe you  
But don't use words  
By the look in your eyes, I see you're getting weak  
Please fight the urge to speak

And don't say that  
Not now, not here  
I just wanna feel your touch  
Don't say that  
Too soon I fear  
Show me something I can trust  
You stole my heart on the night we met  
But I'm not ready to follow it yet  
So whatever you do  
Don't say that  
Don't say that

Just hold me and show me you love me  
That says it all  
These moments of tenderness  
Mean so much more  
And we'll get there eventually  
So please be patient with me

And don't say that  
Not now, not here  
I just wanna feel your touch  
Don't say that  
Too soon I fear  
Show me something I can trust  
You stole my heart on the night we met  
But I'm not ready to follow it yet  
So whatever you do  
Don't say that

Don't say we'll last forever  
We'll always be together  
Just lay here silently next to me  
And don't say that  
Don't say that, no

Don't say that  
Not now, not here  
I just wanna feel your touch  
Don't say that  
Too soon I fear  
Show me something I can trust  
You stole my heart on the night we met  
But I'm not ready to follow it yet

So whatever you do  
Your kiss is all of the proof I need  
So whatever you do  
Don't say that  
Oh don't say that

Don't speak, don't talk  
Just hold me honey  
You don't have to use words  
Just hold me honey  
No need to speak  
No, no, no, no don't use words  
(I want you, I need you, I love you)  
(I just can't stop thinking of you)
