Don't Stop Believin'

Olivia Newton-John

You think the world should see things your way Love, I know you, you think good fortune's here to stay Love, I know you shined in everything you tried before Your smile can open any door

But on those days when nobody wants to know you And all your smiles keep falling on stoney ground Don't stop believin', don't stop believin' Don't stop believin', you'll get by Bad days, bad days will hurry by

You never chase your dreams, they find you Love, I know you, if you need love, it finds you too Love, although you sail alone and free I'll follow in your wake And pray one day my heart you'll take

But on those days when nobody wants to know you And all your smiles keep falling on stoney ground Don't stop believin', don't stop believin' Don't stop believin', you'll get by Bad days, bad days will hurry by
