

Find a Little Faith

Olivia Newton-John

Well every night there comes a time
when we're put to the test
and though our hearts are weary
we must turn the ride to rest.

And though at times it seems that we
will never make it through
when you're ready to give up
the strength will come to you

[refrain]

And you'll find a little faith
in the darkest hour
when your hope is on the guard
you're gonna feel the power
if you take a little time
for one last breath
you'll find a little faith
waiting in there.

It's hard to find a reason
for the suffering and pain
even those with hearts of gold
cannot escape the rain.

Maybe it's the only way

A heart can truly grow
to reach so deep inside ourselves
we find a miracle.

And you'll find a little faith
in the darkest hour
when your hope is on the guard
you're gonna feel the power
if you take a little time
for one last breath
you'll find a little faith
waiting in there.

So don't let it go
when your back is to the wall
thought it seems that all is lost
impossible
heaven knows that even angels fall
someone out there loves you
stir it up
put it up
hold it out

[refrain]
