

Happy Day

Olivia Newton-John

When I see you on the streets
Walkin' on your own sweet way
Something misses half a beat
What it is I could not say

Ain't no big deal
All I know is what I feel
When I see you on the streets
Baby - it's a happy day - yes it is

Maybe it's a summer thing
Watching all the children play
Doing what's the other thing
To anything their mothers say
Ain't no big deal
All I know is what I feel
When I see you on the streets

Baby - it's a happy day
All I know
When I talk to you
Everything is fine - fine - fine - fine
Anyways....
