

Just A Little Too Much

Olivia Newton-John

Sometimes I think I love you
Just a little too much
You know you thrill me baby
With you magic touch
That's why I want you honey
And I love you like I do
I'm gonna scream and shout it
There ain't no doubt about it
That's why I love you like I do

Sometimes I think you kiss me
Just a little too much
You drive me crazy baby,
With your magic touch
You make me feel so good
When the moon is shining bright
With our lips together
And you're squeezin' me so tight

Now, I went steady once before
Thought I loved the boy next door
He stepped out on me, you see
He couldn't be true
Now, I got over all my dreams
Time went by so fast it seems
Now I know I'll never get over you
Well, all right, all right

Sometimes I think I love you
Just a little too much
You know you thrill me baby
With you magic touch
That's why I want you honey
And I love you like I do
I'm gonna scream and shout it
There ain't no doubt about it
That's why I love you like I do
That's why I love you like I do
