

Let Go Let God

Olivia Newton-John

When you can't find your direction
And your heart won't guide you home
Let Go
Let God
When your dreams are broken in the dust
And you've lost the will to trust
Let Go
Let God

Let the signs remind you
We are passengers
Let the signs remind you
To surrender
To surrender
Let Go and Let God

When faith's a dying fire
And there's no spark to feed the flame
Let Go and Let God
When your courage fails you
And the well of hope runs dry
Let Go and Let God

Let the signs remind you
We are passengers
Let the signs remind you
To surrender
To surrender
Let Go and Let God

Let the signs remind you
We are passengers
Let the signs remind you
To surrender
To surrender
Let Go and Let God
Let Go and Let God
Let Go
And let God.
