

## Mary Skeffington

Olivia Newton-John

Mary Skeffington, close your eyes  
And make believe that you are just a girl again  
Go to sleep tonight, dream of days  
When you had something there to light the way

Remember a holiday in a north of England town  
You slept in a room upstairs on a bed of eiderdown

Mary Skeffington, when you wake  
You mustn't be afraid to face another day  
Think of what you had, you'll get by  
You've always been a lady, hold your head up high

Look back on your home where you spent the best years of your life  
Remember the man who asked you if you would be his wife
