

## Pearls on a Chain

Olivia Newton-John

Every living thing on this earth has a heart  
Every little thing that I am, so you are  
And if you look in my eyes  
You will see we are souls alike  
We are Pearls  
We are Pearls  
We are Pearls on a Chain

Every day my sun rise will dawn where you are  
Every night we sleep underneath the same stars  
And if we stand face to face  
We will see Love's amazing grace  
We are Pearls  
We are Pearls  
We are Pearls on a Chain

And if you look in my eyes  
You will see we are souls alike  
We are Pearls  
We are Pearls  
We are Pearls on a chain  
We are Pearls  
We are Pearls  
We are Pearls on a chain  
... on a Chain
