

# Sunburned Country

Olivia Newton-John

I carry her with me (Ah)  
I carry her pride (Yeah yeah)  
Whenever I speak her name  
My soul it comes alive

She taught me to be strong (oh)  
She taught me to fight  
And I am who I am today  
Because she raised me right  
Yes it is

In a sunburned country  
Her magic and her mystery (oh)  
In a sunburned country  
Forever will be home to me  
Yeah that's where my heart is truly free  
Yes it is  
Yeah....Yey, Yey, Yey...

Ooh  
The creaks and the rivers  
The dust and the mud (ooh dust and the mud)  
All of us understand  
This land gets in your blood  
Yes it does

The sight of the blue gums  
And black cockatoos  
White snow Kosciusko  
Red rock Uluru  
Sing it one more time

In a sunburned country  
Her magic and her mystery  
In a sunburned country  
Forever will be home to me  
Yeah that's where my heart is truly free  
Yes it is  
Yeah....Yey, Yey, Yey...

Oh yeah...

We've always been humble (Oh yeah)  
Too scared to be proud (Yes we have)  
I think it's time that  
We all stand and say that  
We love our home out loud

Sunburned country  
I'm proud to say that's sweet our home  
In a sunburned country  
That's always gonna be my home

Yeah  
In a sunburned country  
Her magic and her mystery  
In a sunburned country

Forever will be home to me  
Yeah that's where my heart is truely free  
Yes it is

I love all the people  
I love all the sounds  
Sleeping under a tin roof  
With a hard rain coming down
