

## Cloud 9

Olivia

It's more mental than physical  
It's more than sexin we gotta connection  
Be my angel and I'll be your protection  
If you grind when I shine I see to it you shine  
I'm all ears tell me whats on your mind  
If you feel like I feel its real if I'm gettin ahead of myself tell me chill  
But if you let me touch ya I could touch ya how you need to be touched  
Keep talkin to me gurl and I'm gon be the one that you trust  
Ill bring them candles bring them roses and them boxes of candie  
You bring them sorted flavored condoms and them edible panties  
Yea I'm street but I'm discreet baby ican keep a secret  
You can show me what you hidin in them victoria secrets  
Gotta old soul so you know I listen to Marvin "Let's get it on"  
I take it off for you no problem you can call when you need baby  
And we can pass time on that cloud with the silver line numer nine

I was raised in a way wher the time was the day was to play hard to get babe  
But then it changed suddenly man you came and took my breath away  
I was caught in a vine at a time in the night where my life wasnt right babe  
But then again suddeny suddenly you came and I was swept away

Ooh like a bird I just fly cuz I'm free  
Free to laugh free to love free to be  
No rain comes down on me  
This is whats happenin

La la la la la la la  
Floatin all the time on cloud nine  
La la la la la la la  
High everynight from your light  
La la la la la la la  
Floatin all the time on cloud nine  
La la la la la la

Now this cant be a faze it runs threw my viens  
So I cant get it out of me its so complete  
Its makin me feel like I'm the only one one that exists  
So I dont care where we lay anytime of the day any way it dont matter babe  
This unexplanable feeling its so soul healing  
And I want it all over me

Ooh like a bird I just fly cuz I'm free  
Free to laugh, free to love, free to be  
No rain comes down on me  
This is what's happenin'

La la la la la la la  
Floatin all the time on cloud nine  
La la la la la la la  
High everynight from your light  
La la la la la la la  
Floatin all the time on cloud nine  
La la la la la la

I like to lay around in the sun spendin time  
Sip mimosas on a quiet evening night  
Get away on a trip catch a flight

When yo say to me I'm the only one you need  
I let you taste my body spot just to teeze  
I wanna sing while you kiss all ova me  
Ooo la la

La la la la la la la  
Floatin all the time on cloud nine  
La la la la la la la  
High everynight from your light  
La la la la la la la  
Floatin all the time on cloud nine  
La la la la la la
