A Million More Years

Olly Murs

```
I'm finding it hard, nobody knows
Got to hide my desperation before it shows
With no sense of time, I got it all wrong
We only ever spoke about it after you'd gone

Now I'm missing you so much
Loving you so much it hurts

A million more years if I had to wait
So you can see me
In another life time
A million more years if that what it takes
I know that you'll find me
In another lifetime

I left it too long, I thought it would wait
I never gave a second thought and now it's too late
I gave up too much letting you go
And all the time I think about how you need to know

How I'm missing you so much
Loving you so much it hurts

And It's never gonna let me go

A million more years if that what it takes
So you can find me
In another lifetime
A million more years if I had to wait
So you can see me
In another life time

You're so far away
I'm missing you missing you
You know that I'll wait

I'm finding it hard, nobody knows
I got to hide my desperation before it shows
And I'm missing you so much
Loving you so much it hurts

And it's never gonna let me go
A million more years if I had to wait
So you can see me
In another life time
A million more years if that what it takes
I know that you'll find me
In another lifetime

In another lifetime
