Olly Murs

If you stay a little longer
I promise, I'll be on my best behavior
Yes I will
I can get that taxi number
I could call it now, but I'd rather do it later

The smile on your face isn't fading
So why don't you staayyy

Don't say goodnight yet
There's still some time left
It's getting late but
Don't say goodnight yet
You look amazing, I wanna hold ya
I wanna get get, get to know ya
Just say yes
Don't say goodnight!

I could play a little Stevie, or Marvin
We could watch a scary movie I don't mind
Just take you coat off, that all that I want
Just sit back relax, sit next to me
Please don't leeeave

Climb onto the roof, look up at the sky
I could count the stars, shining in your eyyyye a eyes!
