

# Hey You Beautiful

Olly Murs

Hey you beautiful, girl you knock me down  
Haven't seen you before, try to feel you out  
Die hard, disregard, coming out your mouth  
But your body saying something else

You say that you don't  
But I know you do  
Playing hard to get, get, get  
Girl I'm onto you, you  
Telling me no, no,  
You really mean yes, yes  
Let yourself go,  
Why don't you confess

Woho, I feel your body calling out to me  
Don't need nothing, feel electricity  
Know there's something, dirty on your mind  
You don't have to lie, no  
You don't have to lie  
Woho, oho, I know it,  
Woho, oho, you like it  
Woho, oho, sex is in your eyes  
Woho, oho, I know it,  
Woho, oho, you like it  
Woho, oho, sex is in your eyes

Ok, now I see, you just love the chase  
Lucky for you mami that's my favorite game  
Won't stop till I got, you calling my name  
You know you can't resist it baby

You say that you don't  
But I know you do  
Playing hard to get, get, get  
Girl I'm onto you, you  
Telling me no, no,  
You really mean yes, yes  
Let yourself go,  
Why don't you confess

Woho, I feel your body calling out to me  
Don't need nothing, feel electricity  
Know there's something, dirty on your mind  
You don't have to lie, no  
You don't have to lie  
Woho, oho, I know it,  
Woho, oho, you like it  
Woho, oho, sex is in your eyes  
Woho, oho, I know it,  
Woho, oho, you like it  
Woho, oho, sex is in your eyes
