

Hope You Got What You Came For

Olly Murs

You and I
You and I
Always the same thing
Every time, every time
You come around

Tell me now
Tell me now
Why I'm believing?
Is it time,
Is it time to take a vow?

Our little hearts are crying loud
I feel this silence coming down

I hope you got what you came for
I hope you got what you came for
We can stand it outside
We can stand it outside
Go there
On your own, yeah
On your own yeah
You must be out of your mind
I hope you got what you came for

I will keep
I will keep
Everything that I am
Go ahead
Go ahead
Do what you like

Guess I was
Guess I was lost in the moment
How to be
How to be out of time?

Our little hearts are crying loud
I feel this silence coming down

I hope you got what you came for
I hope you got what you came for
We can stand it outside
Go there
On your own, yeah
On your own yeah
You must be out of your mind
I hope you got what you came for
I guess we started something
We just don't know how to start
I guess we're broken hearted
Every time we have to part

Our little hearts are crying loud
I feel this silence coming down

I hope you got what you came for

I hope you got what you came for
We can stand it outside
Go there
On your own, yeah
On your own yeah
You must be out of your mind
I hope you got what you came for

I guess we started something
We just don't know how to start
I guess we're broken hearted
Every time we have to part

You and I
You and I
Always the same thing
Every time, every time
You come around
