

# I've Tried Everything

Olly Murs

I've tried everything  
To get you off my mind  
I've been running 'round  
Breaking things, getting into fights

1. We used to climb Primrose Hill  
When it was just the two of us  
We used to run up the stairs  
On the double decker bus  
Oh I can't do that anymore  
No just reminds me of before

R: I've tried everything  
To get you off my mind  
I've been running 'round  
Breaking things, getting into fights  
I don't know what it takes  
Wish I didn't have to think of us  
I've tried everything  
And everything is not enough

2. I see a girl  
Across the street  
On a sunny afternoon  
And if I look through half closed eyes  
She looks a bit like you  
Oh it just reminds of before  
No I can't do this anymore

R:

3. Oh my days I'm messed up  
Can't break down can't break up  
Sleepless nights that never end  
I wish I could pretend  
Oh I can't do this anymore

R:
