Are you happy now? Are you satisfied with the way That you let our love die? So howDs it feel to be on the other side Without me in your life?

I was calling you my world, my heart, my everything Ooooh But you didn \square t give a damn, enough to let me in But now you know.

If you want to love you degot
To give love or it will disappear
Now you deall alone wishing
You could go back to where
You de happy here
But it so late to make it right
And you candt take back the byes
No you candt reverse the tears
The truth is hitting you loud and clear
Like oooh oooh
Like oooh oooh.

Stop, baby, let it out
Is there a dark cloud looming
Over you since our breakdown? Has it been difficult?
And are you miserable? Are you missing us now?
