One of These Days

Olly Murs

One of these days I'm gonna find someone to love
One of these days I'll find you if I don't give up.

Time is going by, I'm only getting older
Middle of the night, it's only getting colder
Are you cold out there too?

My room is big enough for the both of us
So won't you come around? Help me fill it up
Cause I'm sitting here in all this space
Why don't you come and show your face?

One of these days I'm gonna find someone to love. (Ahhh)
One of these days I'll find you if I don't give up
(Ahhh)

Time is going by, I'm only getting older
Middle of the night, it's only getting colder
Are you cold out there too?

My room is big enough for the both of us
So won't you come around? Help me fill it up
Oh I'm sitting here in all this space
Why don't you come and show your face?

Ooooh! oooh. Yeah.

One of these days I'm gonna find someone to love
One of these days I'll find you cause I won't give up
