

## Neon Madonna

Olsen Brothers

She drinks cappuccino at Café Flamingo,  
The scene is hot for a midnight plot,  
Stretches her feelers at brakere and reelers,  
The walls close in and the game begins,  
Computer Theresa, just wait till you see her.

She's a neon Madonna oh Neon Madonna,  
Green champagne flows like rain,  
And sequencers starts,  
She's a Neon Madonna oh Neon Madonna,  
Synthesize, laser eyes,  
And digital heart.

She showed him his input and picked his output,  
A cold repeat of a voice so sweet,  
And echo of danger a limited stranger,  
From audio into video,  
Computer Theresa, just wait till you see her.

She's a neon Madonna oh Neon Madonna,  
Green champagne flows like rain,  
And sequencers starts,  
She's a Neon Madonna oh Neon Madonna,  
Synthesize, laser eyes,  
And digital heart.
