

I'll Never Let You Go

Olympic

I'll never let you go, little darlin'
I'm so sorry 'cause I made you cry
I'll never let you go, 'cause I love you
So please don't ever say good-bye

The stars would tumble down beside me
The moon would hang its head and cry
My arms would never hold another baby doll
If we should ever say good-bye

Well, I'll never let you go
Because I love you, pretty baby
I'm so sorry 'cause I made you cry
I made you cry
Yeah, I'll never let you go
'Cause I love you, little baby
So please don't ever say good-bye
