

Already

Omarion

Thank you, thank you for coming,
You could be with anyone else in the world
But you came with me
Girl I'm so anxious for you
I've been so patient with you
We don't need to rush we can take our time
You and me, you and me, you and me

You're here darling, and you're doing already
This song on your heels already
I don't know 'bout you girl but I'm ready

I can have a motherfucking helicopter scooping from the water t
o the land baby hold up
Breakfast in the morning more important bitches calling I ignor
e it, who done messed up
Baby sure enough
You telling me you might change
But I tell you not to
Baby I restyle girl with no one

Girl I'm so anxious for you
I've been so patient with you
Don't need to rush we can take our time
You and me, you and me, you and me

You're here darling, and you're doing already
This song on your heels already
I don't know 'bout you girl but I'm ready
