

# Electric

Omarion

Go head from the top!  
Yeah. Ye!  
Turn my music up (Haaaaa)  
Is you all with me?  
You know, I can feel your presence  
Come closer  
Yeah

You turn me on  
You flip the switch  
I feel the current  
Pushing me, pulling me  
Close to you  
Shocks in my system  
There's an attraction  
Look how I'm acting  
Hard for me to keep my cool

Vibrations  
Feel it in my chest! (feel that? haha)  
When we touch  
There's a charge I get!  
(uh, you feel that? I feel that)  
There is an energy  
That I just can't control (It's electric)  
When it takes over me  
I let myself go!  
(It's electric, oh, so, so electric)

Let's start some static  
A bit of friction  
Feel so magnetic  
Pulling me more into you! Ho!  
I got you open  
The waves are flowing  
So now you're glowing  
I knew you were feeling me too!

Vibrations  
Feel it in my chest! (ah, you feel that?)  
When we touch  
There's a charge I get! Woo!!  
There is an energy (energy)  
That I just can't control (Oh, oh)  
When it takes over me (Over me, oh)  
I let myself go!  
(It's electric, oh, so, so electric)

It lives inside of me (alright)  
A separate (ye!) entity  
I can hear its heartbeat!  
It's electric, It's electric, It's electric!!  
WOOO!!

There is an energy (energy!!)  
That I just can't control (I just can't control, no no!!)  
When it takes over me (Over me! Yeah!!)

I let myself go!

Oh!

Woo!

Oh no!

Aha!

Oh!

Give it to me!

You gotta watch me!

'Cause you know I'm dancing right!

It's electric

He!

Yeah

Stop that beat - keep it going

Yeah, keep that
