

# I'm Tryna

Omarion

Damn, I really messed up this time  
But Imma make it up to you  
Listen

Seems just like the other day  
you were my woman  
Shopping malls and holidays  
couldn't tell us nothing  
Now your gone away and I'm  
still tryna deny it  
But I'm tired from this pain  
and I just can't hide it

Its like oohooohooohoooh  
I just can't get over you  
Girl oohooohooohoooh  
Feel like I caught the flu  
Girl I'm sick from all these lies and these games  
And I'm sick from being the reason we turned out this way

I'm tryna act like I don't wanna be with you  
Like I would be OKAY  
If you just walked away  
I'm tryna act like I don't wanna see you  
Like you were just a face  
I'll forget you in a day  
I'm tryna act like I can do without feeling on your booty  
Find another ghetto cutie  
To do me like you do me yeah yeah  
But I'm just so addicted to you  
Imma try but I can't  
Cuz your all I'm tryna do

See ya here and there with your friends  
And I start the fronting  
Act like I been doing my thing  
I don't need your loving  
But you see it in my eyes  
Girl something just ain't right  
Since we don't share this bed no more  
I can't sleep at night

Its like oohooohooohoooh  
I just can't get over you  
Girl oohooohooohoooh  
Feel like I caught the flu  
Girl I'm sick from all these lies and these games  
And I'm sick from being the reason we turned out this way

I'm tryna act like I don't wanna be with you (oohoooh)  
Like I would be OKAY (be OKAY)  
If you just walked away (walked away)  
I'm tryna act like I don't wanna see you (I don't wanna see you baby)  
Like you were just a face  
I'll forget you in a day  
I'm tryna act like I can do without feeling on your booty (oh ho)  
Find another ghetto cutie

To do me like you do me yeah yeah  
But I'm just so addicted to you  
Imma try (oh) but I can't  
Cuz your all I'm tryna do

Baby I know  
Guess I'm changing out the door (Can't play it off like I'm so cool)  
Girl you know I'm going straight out my mind  
I can't stop thinking bout the things we did and the way we kissed  
I know it ain't right playing like you ain't my time girl  
Tryna be a playa got me acting like I

Like I don't wanna be with you  
Like I would be OKAY (like I would never be OKAY no)  
If you just walked away  
I'm tryna act like I don't wanna see you (but you know I wanna see you baby  
yea)  
Like you were just a face  
I'll forget you in a day (but I'll neva forget you girl)  
I'm tryna act like I can do without (oh oh) feeling on your booty (booty)  
Find another ghetto cutie (cutie)  
To do me like you do me (do me yeah)  
But I'm just so addicted to you  
Imma try but I can't  
Cuz your all I'm tryna do

I'm not tryna act, no  
I'm not tryna act like that no more (oh)  
'Cause I never had it, girl  
I never had it like this before  
No, I'm not tryna change,  
No, I'm not tryna change this all for you (I'm not tryna change it, baby)  
Imma do everything I can 'cause you all I'm tryna do

I'm not tryna act, no  
I'm not tryna act like that no more (oh)  
'Cause I never had it, girl  
I never had it like this before  
No, I'm not tryna change,  
No, I'm not tryna change this all for you  
Imma do everything I can 'cause you all I'm tryna do  
(2x)
