

# Inside

Omarion

You got the power  
Long as you want it  
Long as you got me inside

You got the power  
Long as you want it  
Long as you got me inside

Girl are you crying?  
Your moaning like that body is dying  
The only lonely, thoughts your body's ever known, ooh  
Girl we've been doing takes so long  
My voice is almost gone  
But if you need girl I can help you breath

And we can go on, on and on all night  
That's tellin me  
It's worth the sacrifice

You got the power  
Long as you want it  
Long as you got me inside,  
Got me inside

You gave your arms no denying  
You sped it up then your body made it slowly down  
Girl we been goin up for so long  
And every part of you is so soft  
Girl when your eyes are closed  
My love will help you see

And we can go on, on and on all night  
That's tellin me  
It's worth the sacrifice, oh oh oooh

You got the power  
Long as you want it  
Long as you got me inside,  
Got me inside

And we can go on, on and on all night  
That's tellin me  
It's worth the sacrifice, oh oh oooh

You got the power  
Long as you want it  
Long as you got me inside,  
Got me inside

You got the power  
Long as you want it  
Long as you got me inside,  
Got me inside

Long as you got...  
Lo lo lo long as you got...  
Long as you got...

Lo lo lo long as you got...me inside...
