

## Sweet Hangover

Omarion

Yeah, uhh, Yeah  
I don't know if yall  
ready for this one right here  
Omarion Solo, Yall aint ready  
It's time, Tick, Tock, Tick, Tock

One, and here comes the two to the three  
And four  
Girl yo` body sick,  
You the hottest thang on the floor.  
You bustin` through them AppleBottom jeans  
And I can't stop gettin at you  
Cuz I'm a fein  
Lookin` at my wrist, staring at my pinky ring  
Whispering in my ear real close  
Sayin` kinky things  
Tattoo on the small of your back  
And ya booty so fat, mami shake that

Damn  
Shorty got a hold of me  
Shorty tryna take control me  
Got me sayin, damn  
Shorty wanna roll with me  
Shorty wanna be involved with me  
She got me like damn

Now we sneakin out the back door of the club  
Girl I know you tipsy  
Homie rollin` with me, swiftly, simply  
Cuz she fellin love when she kissed me  
Just one touch, and shorty was history  
And I aint tryna brag or boast, but ya body jivey  
Need a good lovin` from a somebody  
And the way you was moving, I could see you know..  
What you doin girl `lets get to it girl`

Damn  
Shorty got a hold of me  
Shorty tryna take control me  
Got me sayin, damn  
Shorty wanna roll with me  
Shorty wanna be involved with me  
Baby i'm like damn
