Omarion

Hi Papi

Yea

So what you trying to do?

Oh forreal?

Let me hit you right back then.

Now this girl at work she's on me really bad ya'll  
And the looks she gives my girl she be mad ya'll  
She has no shame in her game  
She lets it be known that she wants me, she wants me  
She gently touched my arm as she walks by  
The girl is dope and I cannot lie  
But it's not worth the pain or the shame  
And it's sure not worth losing my baby

She's begging me come over, over  
I'm tempted to drive over, over  
If I do it's over, over  
I got a girl at home  
Temptations calling me  
She's txting me come over, over  
I'm tempted to walk over, over  
But if I do it's over, over  
I got a girl at home  
Temptations calling me  
Temptations (6x)  
Her body keppts calling me (2x)

Now my momma used to warn me about these types of girls  
How they break up happy homes and they do it well  
And their style is to kiss and never tell  
What goes around comes around  
She whispers in my ear, oh no, oh no (3x)  
She's telling me to come, come over

She's begging me come over, over  
I'm tempted to drive over, over  
If I do it's over, over  
I got a girl at home  
Temptations calling me  
She's txting me come over, over  
I'm tempted to walk over, over  
But if I do it's over, over  
I got a girl at home  
Temptations calling me  
Temptations (6x)  
Her body keppts calling me (2x)

Got my baby waiting at home so I can tap (laughs)  
Aight I'm coming home to you baby  
You know I love you, even though she bad  
Even though I heard it's good, I'm all good  
Yea
