

# Touch

Omarion

Yeah. Lets get real comfortable  
Lay back  
What  
Lemmie tell you what i'm thinkin'  
Look

We known each other  
For some time  
I think it's time (sorry baby)  
I been havin' visions  
Fantasies (Fantasies)  
Am I out of line

Just back into it  
And let it touch (touch)  
Come on and move  
And let it touch (touch)  
We cannot lose  
Just let it touch (touch)  
I will be true  
Come on and let it touch

I see you naked  
i'm bout to do it with the lights on (hold on)  
Keep the lights on. (wait)  
Your right wit me next to my bed  
Givin me head

My eyes have seen  
Nothin like you  
Wanna bite you  
So Sweet  
Not tryna be  
Disrespectful  
But I just want to get you

Just back into it  
And let it touch (touch)  
Come on and move  
And let it touch (touch)  
We cannot lose  
Just let it touch (touch)  
I will be true  
Come on and let it touch

When you walk in  
In your sexy lingerie  
In the middle of the doorway  
(keep the lights on)  
You know what i'm sayin  
Ima take it off slowly  
Peel you like a banana

Oh baby by the way (Oh baby by the way)  
Tell me no I want you (tell me no I want you)  
Cause you know at the end of the day (Cause you know at the end of the day)  
Everything is up to you (Everything...yeah right)

Just back into it  
And let it touch (touch)  
Come on and move  
And let it touch (touch)  
We cannot lose  
Just let it touch (touch)  
I will be true  
Come on and let it touch

Yeah  
Now we close to the end  
Keep the lights on (wait a minute)  
I'm comin' to you (real slow)  
Yo  
Yo Everybody  
How you feelin out there?  
I wanna thank ya'll  
For partying with me. Yeah  
Oh yeah  
You can turn the lights off now.  
Peace!
