

Lingo With The Gringo

OMC

Higher flier, angel's wings we drive
My destination, Happy Ville
Money spent on refreshments to cool my temperature
A fine wine or two, sweet food for my mind song

The coolest music to swing to
Jamming out tunes that remind me of you
My pockets lined with gold, I sold the old to reflect
The new tune on my stereo, blow, flow

Tasting sweet dreams caresses me, tried a new style
Wow, lost the vibe while I was in denial
Took a bad trip, slip, flip, shook my ego
I shouldn't let it get me down son

I need to just live a little, play some fun games
With sisters with no names, stories told in street lingo
Understandable by some friends, I have none
Brothers and sisters under the same old sun

Naked to the devil's deviants, we show a blind eye
We need no one to spoil our adventures of books
Marked at chapter one
Underlined 'Ravings of Polynesia'

Lingo with the Gringo, I'm in Lingo with the Gringo
Lingo with the Gringo, I'm in Lingo with the Gringo
Lingo with the Gringo, I'm in Lingo with the Gringo
Lingo with the Gringo

Lingo with the Gringo, I'm in Lingo with the Gringo
Lingo with the Gringo, I'm in Lingo with the Gringo
Lingo with the Gringo, I'm in Lingo with the Gringo
